ENGINEERING ASSESSMENT CELL (SYNTHETIC)

Structural Assessment Report

Assessment Ref: SR-2025-107

Prepared for: Delta Denim Ltd.

Chemical storage is separated from the main building and fitted with secondary containment.

Chemical storage is separated from the main building and fitted with secondary containment.

The inspection team visited all production floors, the cutting section, the finishing section and the store.

Load-bearing columns on floors 1 to 4 were checked for cracks; no new cracks were recorded since the last visit.

Emergency lighting, exit signage and the fire alarm panel were tested in the presence of factory management.

The inspection team visited all production floors, the cutting section, the finishing section and the store.

The inspection team visited all production floors, the cutting section, the finishing section and the store.
